Get Insight

Insight is a 1-year college level academic program of the USCWM that prepares future missionaries and World Christian leaders through intensive study of God's purposes in the world throughout history.

Students get a "big picture" overview of how God has been and is at work in the world, through an integrated, chronological program of independent study and group discussions. During Insight, students

have the freedom to wrestle with hard questions that arise from the Bible, history, philosophy, different worldviews, anthropology, world religions and modern science. Insight offers an unparalleled intellectual foundation for students preparing for a future of international influence.

Insight is offered at several locations around the U.S. Visit the Website to learn more about each location.
